

*We have the quality of child care
you've been looking for!*

“We view the child as an active learner who acts on his or her world to understand it. We believe that children need an opportunity to explore and experience a variety of activities; to discover the joy of ‘I am’ and ‘I can’. The environment will be designed by skilled and knowledgeable caregivers who will prepare activities and learning experiences that encourage discovery and exploration.”

OUR VALUES

- Integrity
- Passion
- Trust
- Caring
- Dedication

OUR PRINCIPLES

- Show respect for all individuals
- Teach children right values
- Seek to give the best care possible
- Cultivate and spread happiness and enjoyment of life
- Support growth, learning and development

OUR CURRICULUM

The Sunshine House uses the *Creative Curriculum* as a basis for our daily activities and classroom environments. This curriculum provides for each area of your child’s development while providing opportunities for multicultural and inclusive experiences. We will consider the whole, individual child in our daily activity plans and provide experiences and environments that will encourage your child to explore and discover at their own pace and according to their own interests. While each classroom will have a daily schedule of activities, all schedules are flexible and can be changed at any time by the classroom lead teacher.

PROGRAMS OFFERED*

Infants: Ages: 6 weeks - 12 months

Infants will be loved, cuddled, talked to, played with and given a safe, secure environment to explore. Each child under 12 months will have his own crib and be carefully supervised. Good health and hygiene procedures will be followed (including hand washing, diapering, feeding and laundering procedures) to help control communicable diseases. Caregivers will fill out a daily report for each child to give you a complete record of your baby’s care, including eating, diapering and sleeping.

Toddlers: Ages 13 – 23 months

Toddlers are developing rapidly in all areas. They are on the move and beginning to show independence, problem-solving skills and an understanding of language. These children are

given opportunities to explore and learn through self-directed activities both indoors and outdoors. They are guided in building loving relationships with other children and adults and encouraged to develop self-help skills such as eating habits, toilet training and washing their own hands. Daily reports are provided to keep you informed about your child’s eating, diapering/toilet training and sleeping.

Twos: Ages 24 – 36 months

Twos are gaining more independence and language skills as well as self-help skills. They are on the move and eager to explore their world. Through proper guidance and planning these children are encouraged to develop these skills through teacher and child-directed activities. They will be given opportunities to explore indoors and outdoors. We provide a daily report to keep you informed about your child’s eating, diapering/toilet training and sleeping.

Preschool: Ages 3-5 years

Preschoolers are independent and creative. These children are given opportunities to enhance their creativity and curiosity through teacher and child-directed hands-on activities both indoors and outdoors. These activities will center around physical, cognitive, social and emotional development that will help them have a successful start in kindergarten.

***All ages are approximate.**

Year-round early learning for
children ages 6 weeks to 5 years!

*Hello,
My name is Angie Landers and I am the
Owner of The Sunshine House. Having three
children of my own I know the difficulty in
finding good, quality child care. I know what
it feels like to leave your child in the hands of
people you are not sure you can trust. As a
parent I know the frustration in paying for
care that's not worth the price. It is for these
reasons I have made it my passion to bring
The Sunshine House to life. When I set out
on this venture my main goal was to provide a
quality of care that I could not find in
Fayetteville. I am not here to pack my facility
with as many kids as I can get. I am here to
provide the care that each child deserves. The
children and their families will be the
foundation of our success and I promise you
that I will do everything in my power to ensure
that we live up to your expectations. I will
make sure your child's early learning
experience is worth every penny you invest.*

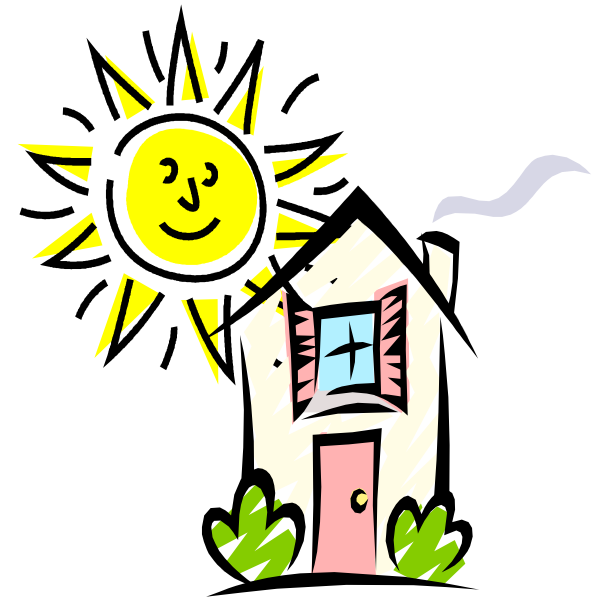

*I would love the opportunity to talk with you,
show you our facility, and let you see that there
really is **quality** child care available and you
can find it here at The Sunshine House!*

Sincerely,

*Angie Landers
Owner*
